RE: Your letter dated October 20, 1997 - Cherry Hill Park  
Quarry, S/049/021, Utah County, Utah.

Dear Mr. Hedberg,

Request is hereby made for an additional 90 days to complete and submit that data needed to satisfy those deficiencies that the Division noted. This additional time requested is based on the fact Emery Industrial Resources, Inc. does not have in house surveyors, chemists, soil specialist, etc. and must rely on private consultants, of which work on their own schedules.

We look forward to submitting this information to you as soon as possible. May we be granted this extension as herein requested.

Thank you.

Sincerely,

  
Dan L. Powell - President
